YOUR PRIVATE PENINSULA IN THE SEYCHELLES

Rediscover and be inspired. Awaken your senses in the most luxurious place on earth, a place created with the sole purpose of bringing you perfect enjoyment, ultimate relaxation and a deep and lasting peace. This place is called Maia.

The Seychelles have long been praised as the most perfect, unspoiled islands in all the oceans. Maia is a shining gem in this archipelago of jewels.

On the lush green island of Mahé is a beach called Anse Louis – a secluded, untouched beach with transparent turquoise sea and sand.

Here you will find Maia. And at Maia you will find yourself. Maia is more than a sanctuary, more than an escape and much, much more than a hotel.

- Situated on 12 hectares of award winning gardens, across the peninsula of Mahé, Maia is a pure and tranquil refuge from the cares of the world.
- It is a place where the soul is stilled and the spirit is renewed.
- A place where every need is anticipated and every desire fulfilled.

When Vasco da Gama discovered the Seychelles it was labelled on Portuguese maps as the Seven sisters archipelago. There is also a star constellation known as the Seven Sisters used by mariners for direction. Each of the stars in the constellation was named after the daughters of Atlas and Pleione (from Greek mythology). The eldest and most beautiful of the seven sisters was known as Maia, The Great One.
