The scene is set outdoors, possibly at dusk or dawn, with a soft, warm light. The torches are made of metal and have a flame that is bright orange and yellow. The person in the foreground is holding the torch with both hands, and the flame is flickering. The person in the background is also holding a torch, and the flame is also flickering. ABOUT VELAA

Stretching north from the equator, the islands that rest upon the Maldivian archipelago are like jewels scattered across pools of pure azure. Each of these island jewels encircled by pure white sand, with a heart of lush emerald foliage. From above, this motif is almost hypnotically beautiful.

The Maldives have become one of the most desired luxury destinations on the planet, and for good reason. First is the welcome and hospitality of the Maldivian people. The crystal clear waters of an unmistakable blue. The climate, warm all year round, ranging from an average maximum temperature of 31C to a pleasant minimum of 25C. And a great deal of sunshine at an average of 8 hours per day, year-round.

The Maldives are easily accessible, via medium haul flights from the Middle East and South East Asia, and direct long haul flights from Europe all to Male International Airport.

YOUR PLACE

Our island home is a place of outstanding natural beauty. White sands, tropical vegetation and crystal clear waters are its canvas. The villas are modern and luxurious and placed either by the beach or overlooking the turquoise waters of the lagoon. They bring together privacy, comfort and space and natural materials harmonious with the setting. Our bars and restaurants offer food from the very best ingredients. Our cocktails are inspired by original recipes; our wine and champagne collections are the result of careful handpicked selection and our commitment to service is second to none. From the moment you arrive till you depart for your next journey.

YOUR SPACE

The island has been planned to comfortably accommodate a variety of villas, and each is located to ensure guests have a uniquely Maldivian viewpoint.

The Velaa Spa six secluded double treatment room and our signature treatment room nestle within the island's turquoise blue lagoon. Our spa therapists use natural organic products to provide a comprehensive range of signature treatments plus rejuvenation specialities sourced from the region. Visiting practitioners offer guests lifestyle consultations and holistic treatments including reflexology, acupressure, reiki and shiatsu. A fully equipped gym is available at the recreation centre, and yoga and personal training programs are offered on a raised tree meditation platform with views over the Indian ocean.

From all day dining in our restaurant to private dining at a destination of your choice and served by your own personal butler, Velaa brings together the very best local and international ingredients prepared by our chefs. Each dish can be complemented by wines from a comprehensive cellar, and a stellar collection of vintage champagnes.

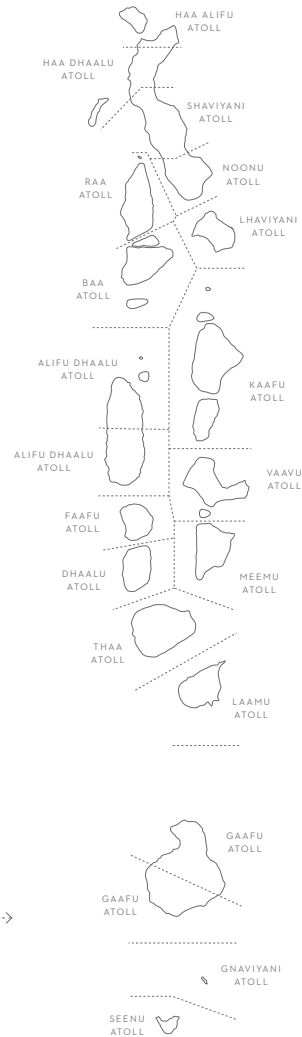

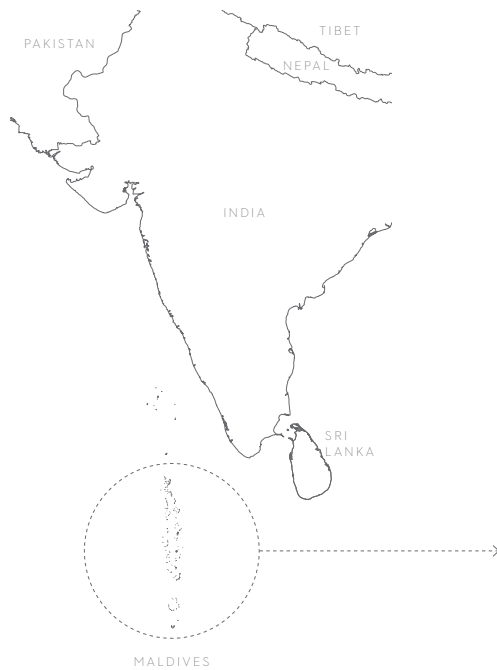

YOUR PACE

Velaa is ready to look after you, whether you are relaxing, rejuvenating or rekindling a sense of adventure. Our Dive center offers diving excursions, certification courses and the chance to snorkel with our resident marine biologist. The Water Sports center offers windsurfing, canoeing, sailing, wake boarding and water-skiing. And if the pace you need is a little slower, then we can provide cruises at sunset or to catch a glimpse of dolphins. There are private boat excursions for sunrise breakfasts or sunset suppers. You can even ask your butler to accompany you for a luxury picnic. And if good fortune favors you, your catch of the day can be cooked to your order for supper.

LOCATION

Velaa Private Island's home is on Fushivelavaru Island, part of the Noonu Atoll towards the north west end of the Maldives archipelago. The island is just 45 minutes of a scenic sea-plane flight from Male International Airport.
